

TEST VOTE ON PRIMARY BILL

Its Supporters Defeat a Motion to Defer Consideration.

HAD TWENTY MAJORITY

Democratic Scheme to Select Aldermen in Milwaukee Is Blocked.

WOMEN ON SCHOOL BOARDS

Madison, Wis., March 19.—The primary election bill reported by the committee last evening came up in the assembly this morning and was made a special order for tonight when the first debates on the floor will be made. Something like a test vote was brought about by Judge Orton to have consideration postponed until tomorrow evening which was defeated by something like twenty votes.

The supporters of the measure are confident of victory in the lower house and are likely to rush it through. Indications are that it will pass the assembly by a majority of about ten votes.

The bill providing for the appointment of a woman on the board of university regents was passed by the senate today and a bill making a similar provision for the board of Normal regents went to the third reading.

Thwarts Democratic Plan.

A bill which will thwart the design of Mayor David Rose to fill vacancies in the Milwaukee common council by appointment and make that body safely democratic, was introduced in the senate last evening and passed under suspension of the rules. It will go through the assembly today. The vacancies arise through the creation of news wards. The Milwaukee common council refused to order a special election to fill them, leaving them to the mayor. The bill orders a special election for filling such vacancies to be held at the time of the judicial election, and declares the office vacant unless such special election is held.

Photos Are Worsted.

Tacoma, Wash., March 19.—Mail oriental advices give details of a sharp fight last month between an Italian cruiser and a large junk, with forty pirates aboard, which was caught overhauling a small trading junk, a portion of whose crew and passengers had been killed and injured before the cruiser reached the scene. The fight occurred on the coast of Taichou, or Chekiang. The cruiser opened fire with machine guns as soon as she got within range, and bore down so swiftly that only eleven out of the forty were left alive. The junk was towed into the Ning-Po, where the pirates were delivered to the governor. Six were executed next day, and others were beheaded later.

Shoots a Girl—Kills Himself.

Brazil, Ind., March 19.—Garfield Tribble, aged 21, son of Hiram Tribble, shot and mortally wounded his sweetheart, Stella Snow, 17 years old, the daughter of Mrs. James Snow, residing four miles north of here, and then shot himself. Tribble and Miss Snow had been keeping company for three years and were engaged to be married, but recently Thomas Sipes, a young farmer, engaged board and lodging with the Snow family, and frequently accompanied Miss Snow to church and social gatherings. This incensed Tribble.

Marconi Is Doubtful.

New York, March 19.—Sig. Marconi, the inventor of wireless telegraphy, in an interview last night announced that so far as known 200 miles constituted the present limits of wireless telegraphing. He said that he would not say that it was impossible to flash signals to Mars, but that he would prefer to see it done before attempting to discuss the proposition.

WARD CAUCUSES TOMORROW NIGHT

All Republicans Are Urged to Attend—It is Important That Good Men Be Nominated.

The republican caucuses for the nomination of ward candidates and delegates to the city convention on Thursday March 21 at 2 o'clock p. m. will be held in the various wards tomorrow night from 7 to 8 o'clock. Great importance attaches to these primaries and it is hoped that every republican in the city will participate. These are republican party meetings and none but republicans are expected to take part. Matters of

AHEAD ON THE INAUGURATION

Surplus Left After the Expenses Will Go to Charity.

Washington, March 18.—Washington quits ahead on the inauguration festivities. The inaugural committee is now balancing its books, but it is already plain that a tidy amount will remain from the sums spent by the visiting crowds. Following are the resources:

Fund subscribed by citizens' committee, \$57,000.

Receipts from inaugural ball, at \$5 per ticket, \$53,210.

Receipts from stands and privileges, \$18,867.67.

Receipts from sale of souvenirs, \$1,025.

Receipts from concerts held in inaugural ball room at Pension office, \$4,250.

Funds at disposal of inaugural committee, \$134,342.67.

The guarantee fund subscribed by the citizens' committee was more than \$20,000 larger than that deemed necessary to inaugurate Grover Cleveland in 1893.

The amount remaining after all debts are paid will be turned over to the police fund for city charity.

INCREASE CAPITAL STOCK \$100,000,000

Rockefeller's Lake Superior Iron Ore Properties Absorbed by the New Steel Trust.

New York, March 19.—It was reported in financial circles today that the capital stock of the new United States steel corporation will be increased by \$100,000,000, and that this increase was made necessary by the acquisition of the Rockefeller iron mines, railways, and transportation lines in the Lake Superior District.

J. P. Morgan and Co. confirm the story, but will make no official statement regarding the matter. It is expected that an official statement setting forth the increase and the reasons for the same will be made public soon.

The Rockefeller interests include the Lake Superior Consolidated Iron mines, which concern has a capital stock of \$30,000,000, of which \$29,887,448.97 is outstanding. It was incorporated under the laws of New Jersey in 1893 to acquire and operate iron mines in the Mesabi range, Minnesota.

The company owns extensive properties in the lake region and leases some of its mines to the Carnegie Steel company and other large steel manufacturers. It owns the Duluth Messabe and Northern railway, extending from Duluth to Iron Mountain, Minn., embracing about 130 miles of road.

QUEEN SENDS SHAMROCKS.

Irish Guards Pleased to Receive Emblems for the Regiment.

London, March 19.—The new Irish guards regiment, stationed at Chelsea, was agreeably surprised yesterday on returning from church to find that an orderly had arrived at the barracks from Marlborough house with boxes of shamrocks from Queen Alexandra and a note in her own handwriting requesting the colonel of the regiment to distribute the emblems to the men on parade.

With King Edward's special permission a deputation of the Royal Munster fusiliers, including Gen. Laurie and Col. Johnston, visited the mausoleum at Froxmore Sunday afternoon and laid a beautiful Celtic cross of shamrocks and lilies upon the tomb of Queen Victoria in memory of St. Patrick and of Queen Victoria's command a year ago to the Irish soldiers to wear shamrocks.

New Wage Scale for Seamen.

New York, March 19.—The Atlantic Coast Seamen's union announces that it has adopted a new scale of wages in the coast-wise trade between the United States and the Dominion of Canada, Newfoundland, the West Indies and Mexico. Notices have been sent to the members to do all in their power to maintain the new scale and refuse to work for less than the new union rates, which are as follows: In vessels under 500 net tons, \$25 per month; over 500 tons and not exceeding 1,500 net tons, \$30 per month; over 1,500 net tons, \$35 per month.

NEW PRIMARY BILL IS REPORTED; NO MATERIAL CHANGES PROVIDED

Substitute for the Stevens Bill Differs with the Original Only in a Few Details—Prospects That It Will Pass the House.

Madison, Wis., March 19.—The Stevens Primary election bill was reported for passage last night in the lower house of the legislature by the committee on privileges and elections.

Though called a substitute the bill differs in no material essential from the original bill. It is true that the verbiage of the measure as it now stands has been materially changed, but the vital feature—the abolition of caucuses and conventions remains as firm in the amended as in the original form.

The report was signed by Messrs. Steiger, Stevens, Andrew, Middleton, Coapman and Henry. Assemblyman Karel dissented from the report. Mr. Karel is a democrat and today explained that he did not wish to commit his party in any way and that he would therefore dissent from the report and vote against the bill.

The principal features contained in the original Stevens bill have not been eliminated from the substitute measure.

Abolishes All Caucuses.
The substitute like the original draft, abolishes all caucuses and conventions and preserves all the vital features of the original bill, changing only some of the detail clauses.

In size the bill has been somewhat reduced. The original contained twelve pages of printed matter and thirty-nine sections, and the substitute has eleven pages and thirty sections.

The title has been changed to "Provide for political nominations by Direct Vote" instead of "Abolishing caucuses and conventions."

Petitions for Candidates.
Candidates for nominations for state offices must circulate their petitions in twenty counties in order to

MINE CONVICTS ARE ON A STRIKE

Leavenworth, March 19.—Three hundred convicts working a mine in the state penitentiary at New Lansing struck yesterday afternoon. They have been in the mine all night holding sixteen guards prisoners and refuse to come to the surface. Negotiations are now going on between the warden and the strikers.

Diocino Is Captured.

Manila, March 19.—Diocino, the noted Tagal leader on the island of Panaya has been captured. In the fight preceding two insurgents were killed and three including Diocino wounded.

TEN SHOT IN CAUCUS FIGHT.

Rival Political Factions Battle at a Kentucky Primary.

Lexington, Ky., March 19.—Ten men were wounded, several of them fatally, in a bloody battle between rival political factions at Caney, Morgan county. A primary election was being held in Caney and a dispute arose, it is said, over the question of the right of certain persons to cast their ballots. Nearly every man at the polling place was armed, and as the quarrel progressed, weapons were drawn. The first shot was the signal for a general fight, and when the smoke cleared away ten wounded men were lying on the ground. They were carried to neighboring houses and physicians were summoned. The doctors stated, however, that none of the victims would die. A messenger carried the news of the affray to West Liberty, but he knew none of the details beyond those here given. The names of the injured men are not known.

FAMILY DIES IN FLAMES.

Tragedy in Which Six Lives Are Lost May Be a Murder.

Wellston, O., March 19.—The charred bodies of Jeff Hill, his wife and five children were found in the smoldering embers of their burned log cabin two miles northeast of this place. Only one door opened out of the room in which the seven members of the family were sleeping. The fire caught in front of that door, blocking the only way of escape. A little yellow dog, the pet of a younger child, was the only living thing that escaped. It is supposed that the fire caught from a wood stove, although the theory is advanced that the family may have been murdered and the house burned to hide the crime.

Whole Family Incinerated.

Wellston, O., March 19.—Fire originating from a kitchen stove, burned the home of Jeff Hill, miner, incinerating Hill, his wife and five children last night.

Republican ward caucuses will be held on Wednesday evening at 7 o'clock.

CARNEGIE AS AN EXAMPLE.

The Rev. Dr. MacArthur Says His Gifts Rebuke Many Churchmen.

New York, March 19.—The Rev. Dr. R. S. MacArthur's sermon at Calvary Baptist church yesterday was on "Missions." He urged a more generous spirit of giving, both among the rich and the poor, and commented on Andrew Carnegie's big offer to New York city.

"Mr. Carnegie, in the generosity of his gifts," said Dr. MacArthur, "has startled America, Europe and the world. He is certainly one of the most remarkable men in his age and in the distribution of money the world has ever known. He has himself told me it required as much thought and effort to distribute money widely as to acquire it freely. His great gifts will stimulate other millionaires to maintain the pace he has already set. He is making heroic efforts to die poor. His act is a rebuke to many churchmen who profess a longer creed, but whose list of good deeds is shorter. His act is also a rebuke to certain dangerous socialists whose words seem at times to disturb all our business and social relations. Thousands will rise up to honor the name of this noble Scotch-American."

NEW WISCONSIN LOAN COMPANY

Stanley B. Smith of Janesville Is Vice President—Will Deal in Badger Securities.

The second bond company to come into existence in Wisconsin was organized in Milwaukee Saturday, and starts out under the most favorable auspices, with some of the best known bankers and capitalists in the state connected with it. The capital stock is \$100,000 fully paid up, and general offices will be opened at once in this city. The officers are: President, Richard Meyer, Jr., Lancaster; vice-president, S. B. Smith, Janesville; treasurer, F. G. Bigelow, Milwaukee; secretary, R. L. Gates, Milwaukee. The directors are the officers named and E. I. Kidd, state bank examiner. One of the gentlemen interested in the new corporation said:

"There are now only two regular debenture-bond companies in Wisconsin, although they have been in successful operation in various cities for many years. The other one is located at Madison and is doing well. Our object is to buy first mortgage securities on Wisconsin lands, which will be placed in trust with the Milwaukee Trust Company, and 5 per cent. debenture bonds, based on these mortgages, and with the security of the company back of them, will be offered to investors. These companies have succeeded in doing a successful business in Chicago and other places, and there seems to be no reason why Milwaukee should not have such a company in successful operation. We shall deal entirely in Wisconsin lands, and the best farm land mortgages only will be handled."

DECLARES THERE IS NO DEVIL.

Wisconsin Preacher Says Milton, Not the Bible Originated Satan.

Oshkosh, Wis., March 19.—The Rev. Edward H. Smith, pastor of the First Congregational church, who as chaplain of the Second Wisconsin regiment declared for the army canteen, saying "good beer is better than bad water," and who from his pulpit here said that while the saloon was an evil it was not an unmitigated one, startled the Oshkosh Ministerial association by declaring "There is no devil. Like all other conceptions of the public mind, that of the devil has been an evolution," he went on. Then he maintained that the popular conception that the devil is drawn from the Bible was a mistake; it was Milton's devil; that of "Paradise Lost." It was repugnant to reason, he concluded, that a personal devil and a personal God could exist. Mr. Smith's position was vigorously combated by all the other ministers present.

Avalanche in Italy.

Rome, March 19.—A great avalanche swept down upon the town of Porlezza at the foot of the Rhaetian Alps, eight bodies are recovered. Rescue parties are trying to save any who may be alive.

ENGLAND BACKS DOWN IN CHINA

Russia Has Her Own Way in Siding Matter at Tien Tsin.

FRANCE ALSO INVOLVED

Gen. Waldersee Seeks to Interfere, But is Repulsed by the British.

DANGER INCREASING DAILY

Pekin, March 19.—The settlement of Tien Tsin dispute was a surrender on the part of the British. They withdraw their guards, leaving the Russians undisputed possession of the siding over which the difficulty arose but the authorities on both sides do not consider the difficulty as settled. Situation is strained.

London, March 19.—In the commons today Lord Hamilton announced that there is little to add relative to Tien Tsin pending a settlement of the difficulty by military authorities on the spot. The sentries remain in the same position with orders not to assume an aggressive attitude.

Another Tien Tsin dispatch dated today states that up to this time that there has been no change in the position of affairs; but both British and Russian commanders await instructions from their governments. In the meantime Commander Waldersee is coming to Tien Tsin to personally observe the situation.

Tien Tsin, March 19.—The tension here is increasing and a conflict may be expected at any moment. The troops of all nations are under arms. The situation at the railway station remains the same, although the temper of the hostile troops is, if possible, more disquieting than ever.

French troops are taking part in the trouble despite the efforts of their officers to maintain a neutral attitude.

Attack an English Captain.

Many groups of French ran through the British settlement yesterday afternoon shouting down with the English, and a number of fights took place, several ending in bloodshed, as the French always carry side arms. Finally the French soldiers attacked Capt. Bogler of the British army and pulled him out of his rickshaw. The captain defended himself with his fists and had knocked down one of his assailants when a number of Sikhs came to his rescue.

French Soldiers Driven Out.

General Campbell then turned out all of his troops, drove the French out and set pickets around the settlement, with orders to admit no French soldiers into the settlement.

Field Marshal Count von Waldersee who has gone to Kiaon Chau on a holiday, has been telegraphed for and is hourly expected, but there is little reason to expect that he can compose the difficulty.

Has Gloomy Outlook.

London, March 19, 3 a. m.—A dispatch to the Times from Tientsin states that Field Marshal von Waldersee, as commander-in-chief of the allied forces, has induced the Russian and British troops to withdraw from the disputed siding. This dispatch is not confirmed from other sources. On the other hand, a dispatch from Tientsin received in Paris during the night says that Colonel Wogack declined a compromise of the railroad siding dispute that was suggested by Field Marshal Count von Waldersee.

Trainmen Talk Strike.

Albany, New York, March 19.—The trainmen of the New York Central are talking strike unless there is an equalization of wages along the whole line. It is said that if the demands are refused that the trainmen will tie up all of the roads from Maine to Oregon, affecting a million men.

WARSHIP WILL BE SENT TO MOROCCO

Secretary of State Hay Orders Cruiser New York to Settle U. S. Claims in Morocco.

Washington, March 19.—Secretary of State Hay, through the medium of moral pressure exercised by the frowning guns of the armored cruiser New York has determined to bring the government of Morocco to sharp account.

Consul General Gummere at Tangier has been notified to demand from the Sultan a formal apology for trying to block the sending to the Moorish capital of a special commission to

settle the American claims, and also to demand immediate settlement and payment of these claims.

Admiral Rodgers on the New York will reach New York the latter part of this week and will convey Consul General Gummere to Mazagan, whence the diplomat will proceed overland to the City of Morocco. The New York will await his return to Mazagan, and its presence there is expected to have a quickly salutary effect.

CITY COUNCIL PROVIDES \$3,500 PER YEAR FOR PUBLIC LIBRARY

Formal Acceptance of the \$30,000 Offer of Andrew Carnegie for a Library Building—Meeting of City Fathers Last Night.

The common council at its meeting last evening, passed an ordinance, providing the yearly sum of \$3,500, for the maintenance of the public library. The library board was instructed to select a site and secure plans for the new building in order that the city could take advantage of Mr. Carnegie's offer.

Mayor Richardson presided and all of the aldermen were present with the exception of Ald. Valentine. The minutes of the last meeting were read and approved. The city engineer presented the profiles and grades of South Franklin, South Third, Pleasant, North Bluff, Marion, Academy and a portion of South Second streets and the same were adopted.

The Carnegie Proposition.
A communication from the public library board to the council in regard to the library was read and placed on file. It was as follows:
To the Mayor and Common Council of the City of Janesville:

The board of directors of the public library take extreme pleasure in being able to inform your honorable body that Honorable Andrew Carnegie who has given so much thought and money to the foundation and perpetuation of free libraries, has notified us that he will give the sum of thirty thousand dollars to erect a public library building in the city of Janesville, provided that the city will furnish a suitable site and bind itself by ordinance of the common council to raise at least the sum of three thousand dollars per annum for the support and maintenance thereof. This offer gives Janesville the opportunity of placing its library in a home suitable to its value and importance and in keeping with its worth to the citizens we think that Janesville has had cause for congratulation upon the growth and development of the library and although its use has been hampered by the want of sufficient room, we hope and expect that with an appropriate building the use will increase commensurate with the increased facilities. Indeed the removal to a ground floor and the possession of an ample reading room, we believe will double the use of the library at least. The possession of a fire proof building would take a burden off of every one for as we have reported heretofore, this valuable collection of book would undoubtedly be wholly destroyed if a fire occurred in its present quarters.

Section 933 of the revised statutes of Wisconsin requires that the mayor and council approve any purchase of land or the erection of a library building by the library board.

We would therefore respectfully request your honorable body to pass an ordinance accepting this magnificent gift and providing further that the city raise by tax each year a sum to meet the requirement, and also that this board be requested with all convenient speed to proceed with the selection of a suitable site and submit the same together with the cost thereof to your honorable body for approval and also to secure plans, specifications and estimates of cost for a suitable building to be submitted to Mr. Carnegie or his representative so that the realization of the gift may come as soon as possible. It is evident that there should be no unreasonable delay in determining the site as this is one of the conditions precedent

Doctors not seldom give up a case, but a mother never does. While life lasts, while there is a spark of vitality which love's labor may fan into a flame, she toils untiringly for the child she brought into the world. And sometimes where the doctors fail the mother succeeds. She has no prejudices. Any means she will use which will save her child.

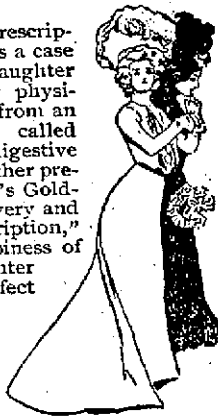

The mother's prescription given below is a case in point. Her daughter was given up by physicians as suffering from an incurable disease, called "wasting of the digestive organs." The mother prescribed Dr. Pierce's Golden Medical Discovery and "Favorite Prescription," and had the happiness of seeing her daughter restored to perfect health.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It is a nerve-nourishing, flesh-forming medicine—making new blood and new life.

"Golden Medical Discovery" contains no alcohol and it is absolutely free from opium, cocaine and all other narcotics. It is a true temperance medicine.

"My sister (of Arlington, Washington Co., Neb.) was taken very sick and had several doctors," writes Mrs. L. L. Harrison of Elk City, Okla. "They could not do her any good, and told my mother they would not come any more, as no doctor could help her, that she could not get well. She had 'wasting of the digestive organs.' My mother said to my sister: 'Well, I almost know that Dr. Pierce's medicine will cure her.' So she bought six bottles of 'Golden Medical Discovery' and 'Favorite Prescription,' and some of the 'Pellitory,' and now my sister is a well woman. We thank you for your medicine."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

to the gift on the part of Mr. Carnegie.

With reference to the yearly appropriation we beg leave to suggest that as submitted in our last annual report the sum of three thousand dollars is so nearly used up in the fixed expenses of the library, including buildings, renewals, etc., that a very small amount remains to add to the permanent growth of the library in the new books. Any increase in the books necessarily adds to the number of worn out books to be replaced and to the binding account and other expenses. If therefore you see fit to increase this amount we are confident that the city and citizens will receive a large return therefrom.

Again congratulating the city on this magnificent gift, we remain,
Yours respectfully,
Board of Directors of Public Library.
FRANCES C. FETHERS,
CHARLES L. FIFIELD,
D. D. MAYNE,

Committee.

Dated March 18th, 1901.

AMUSEMENT NOTES

Never in the annals of stage history has there been a production on the gigantic scale given to the spectacular environment which forms the embellishments of "Theodora" or "Her Last Race," the acknowledged masterpiece of the world's most famous playwright. There are six acts divided into nine tableaux forming a pageant of beautiful stage pictures. Each act has its individual and thrilling climax. The costumes are picturesque and elaborate. They were designed after the original plates and executed abroad. It will appear at the Myers Grand tonight.

By special arrangement with Daniel Frohman of Daly's Theatre, New York, the thrilling romance, "Rupert of Hentzau," will afford such opportunities for magnificent and picturesque scenery and costumes, and no effort has been spared to adequately present this fascinating story of love and adventure. The cast is headed by Mr. Howard Gould, a young actor whose pronounced success in the past in "The Prisoner of Zenda," places him today in the foremost rank of dramatic actors.

On Thursday evening next the novel and gay masqueraders company will be the attraction. The members of the company comprising this unexcelled burlesque company include the following named comedians and star specialists: The three Savans, Swift and Huber, Sullivan and Imman, John R. and Lillian Hoover, Ed. and Rolla White, Margie Tebeau and Bessie Stanton and a ballet of twenty, introducing for the first time the two extravaganzas, "A Snap Shot" and a grand olio, replete with all new and catchy sayings, songs, musical and comedy characterizations, marches, dances and electrical novelties, enhanced with bewitching costumes, handsome scenery, wardrobe and properties in the closing burlesque "The Belle of Frisco."

A Good Cough Medicine for Children. "I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well-known and popular baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug. Sold by People's drug store and King's pharmacy."

Mrs. Nation Lashes Her Sex.
Topeka, Kan., March 19—Mrs. Nation went before the Methodist conference here and scored the ministers' wives because they dressed neatly. She said they should be ashamed to pay out big sums to dressmakers, "just to show off the form." She said it was a crime for the women to wear poor, little innocent birds on their hats.

Dissolution Notice.

By mutual consent the contracting firm of Knox & Hazen is hereby dissolved. All bills due said firm must be settled immediately or same will be placed in hands of a collector.

Rice Is a Candidate.
At the request of many of my friends I hereby announce myself a candidate for re-nomination as alderman of the First ward. Relying on my record of four years in the council I ask for the support of the voters at the coming caucus. Walter S. Rice.

Spring Medicine

There's no season when good medicine is so much needed as in Spring, and there's no medicine which does so much good in Spring as Hood's Sarsaparilla. A DAY OF MANY BIG FIRES

Considerable Property Destroyed at St. Louis.

TWO SQUARES BURNED OVER.

Anheuser-Busch Brewing Company the Heaviest Loser—Bismarck, Mo., Nearly Wiped Out—Memphis, Ind., Destroyed—Minooka, Ill., Partly Gone.

St. Louis, Mo., March 19.—Fire destroyed the ice-storage plant of the Anheuser-Busch Brewing company; the repair shop of the American Car and Foundry company, together with a number of box cars; the factory of Stule & Co., pickle manufacturers; five rooming houses, and a number of sheds. The total loss is estimated at \$100,000, the greater part of which is covered by insurance. Two men, employees of the American Car and Foundry company, were injured, but not seriously. The burned district embraced two square blocks bounded by Zepp, Utah, First and Kosciuszko streets.

Wind Carried Burning Embers. For miles the river levee is fringed with lumber yards, factories and warehouses, while on the railroad tracks, with their numerous switches, were scores of cars, many of them loaded with lumber and other inflammable material. The high wind lifted burning embers and carried them for blocks to the northwest, threatening these and adjoining residents. Several times the department was compelled to divide its force in answer to reports of the igniting of fires elsewhere.

Following is an estimated list of the losses: Anheuser-Busch ice-storage plant, \$37,000; American Car and Foundry company's car shed, \$10,000; fifty box cars belonging to the Anheuser-Busch and William J. Lemp Brewing companies, \$25,000; Stule & Co. plant, \$5,000; five rooming houses, \$15,000.

Big Fire at Night.

The St. Louis Steam Forge and Iron works, better known as McDonald's forge works, was destroyed by fire at midnight. The plant of the forge company was valued at about \$100,000. It was insured for \$50,000.

Missouri Town Nearly Wiped Out.

Bismarck, Mo., March 19.—This town has been almost wiped out by fire. Leading business houses and many residences were burned. The loss is estimated at \$100,000, with little insurance. The fire started in a barber shop and spread rapidly in all directions. The inhabitants of the place were without means of fighting the flames and were compelled to stand by helplessly and witness the destruction of their property.

Indiana Village Destroyed.

Jeffersonville, Ind., March 19.—Fifty out of sixty houses in Memphis, Ind., eighteen miles north of here, have been destroyed by a fire, which originated in J. J. Hawes' stove factory. The blaze spread rapidly, and every business house in the little town was consumed. Twenty-eight families are homeless and are being cared for by neighboring farmers. The loss will reach \$200,000, with little insurance. Fifteen business houses were completely destroyed. Assistance was sent from this city, but was of little help because of the heavy gale that was blowing.

\$50,000 Fire in Kansas City, Kan.

Kansas City, Mo., March 19.—Fire destroyed all of the buildings in the block bounded by Fifth and Sixth streets and Kansas and Scott avenues, in the Armourdale district of Kansas City, Kan., at midnight. The loss is estimated at \$50,000.

Spring Lake Suffers by Fire.

Grand Haven, Mich., March 19.—One quarter of the business section of Spring Lake was destroyed by fire. Loss, \$18,000; insurance, \$8,000.

Illinois Town Suffers Heavily.

Joliet, Ill., March 19.—Minooka, a small village on the Rock Island road, about ten miles west of Joliet, was partially burned. Joliet was appealed to for help and fire engines left on a special train. Minooka has about 600 inhabitants. It has absolutely no fire protection. The entire western part of the town is reported destroyed.

Extensive Lumber Yards Burn.

Nashville, Tenn., March 19.—The extensive lumber yards and saw and planing mill plant of John B. Ransom & Co. in West Nashville, a suburb of this city, were destroyed by fire. The loss is estimated at \$140,000, with insurance of \$115,000.

Explosion Wrecks Building.

Cleveland, O., March 19.—A terrific explosion of chemicals in the laboratory of the National Carbon works at West Madison and Highland avenues partially wrecked the large brick building. Fire broke out immediately after the explosion, but was soon quenched. Two men were caught under the debris. Both were rescued without serious injury. Loss, \$70,000; partially covered by insurance.

Gen. Harrison Left \$300,000.

Indianapolis, Ind., March 19.—Much interest centers in the will of Gen. Harrison, which lies in the safety vault of the Fletcher National bank in this city. The bulk of the estate, it is said, will be left in trust for the little daughter, Elizabeth Harrison, and the general's grandchildren—Benjamin Harrison McKee, the daughter of Mrs. McKee, and the son and daughter of Russell B. Harrison. It is said the estate amounts to about \$300,000.

Vote the water off the Park in this village at town meeting.

Harry Clark, the Brodhead commercial tourist, was here Friday.

The Milwaukee road will, when the Janesville & Southeastern is ready for business, run their through Dakota and Iowa passenger and freight trains via Madison and Janesville, instead of via Dubuque and Savanna as they are now doing.

The new telephone exchange was turned over to the local company Thursday, by the contractors, Jones & Winters.

Geo. F. Orcutt and family, late of Grand Haven, Mich., have moved to this village for the purpose of giving their children school advantages. They formerly resided here, and will be welcomed by many friends.

The water works at Lane's Corners were in operation to some extent Sunday, but more money must be spent to perfect them.

Miss Leo Coon, who has been taking musical instruction in Chicago for some weeks, came back Friday.

Robert Dykeman, from the Prairie, visited his father, J. Granger, Saturday.

Roy Curtis of Waupun, spent Saturday with Milton relatives.

Investigate the matter, and hear both sides before you vote.

P. M. Green put in an appearance at the bank Monday morning, for the first time in two weeks.

R. O. Hastings, who has been in charge of the creamery for some time, has decided to embark in the milk business in Oconomowoc. Not only the patrons of the creamery, but the many friends Mr. and Mrs. Hastings have made here, regret their change of location.

Miss Lucy Walker went to LaCrosse Monday on business connected with the Wisconsin W. B. I. M., of which she is president.

Republican Caucus.

The republican electors of the town of Milton are requested to meet in caucus at P. of H. hall, Milton Junction, Wis., on Thursday, March 28, 1901, at 2 o'clock p. m., for the purpose of placing in nomination candidates for town office, and the transaction of such other business as may properly come before the caucus.

Saleswomen

In the vast retail establishments of large cities, many women are employed as saleswomen.

Men formerly held the positions that women now hold, and while women's organism is less strong than men's, they are expected to do the same work. Their duties compel them to be on their feet from morning to night, and many of them, in a short time, contract those distressing complaints called "female diseases."

Then occur irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, general debility, and nervous prostration.

They are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness.

In such cases there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. The following letters prove this. They also prove the value of Mrs. Pinkham's advice.

"DEAR MRS. PINKHAM:—I take pleasure in writing you a few lines thanking you for your advice. I did just as you told me in taking your medicine, and owe my life to you. You are like a mother to your sex. I was awfully sick, was all run down and felt sick all over. I looked like a person brought out of the grave. My face was as white as the driven snow. I was always tired after doing a little work and would have to sit down. I was troubled terribly with headaches and my appetite was not good; also, troubled with shortness of breath something awful for about a month. I could not go up one flight of stairs without being tired and having to stop to get my breath. I was feeling just as miserable as could be. I took two bottles of Lydia E. Pinkham's Vegetable Compound and cannot express my thanks to you for what your medicine has done for me."—MISS M. F., 35 Devon St., Grove Hall, Roxbury, Boston, Mass.

"I Can Work Every Day in the Week Now."

"DEAR MRS. PINKHAM:—I write this letter for you to publish for the benefit of poor, suffering women. Lydia E. Pinkham's Vegetable Compound has done me a great deal of good. I have taken three bottles and feel like a new woman. When I began the use of your medicine I was hardly able to be up; could not do half a day's work. I ached from head to foot, was almost crazy, had those bearing-down pains, and stomach was out of order. Now all of these troubles have left me and I can work every day in the week and not feel tired."—MRS. JENNIE FREEMAN, 402 Pennsylvania Ave., Lima, Ohio.

\$5000 REWARD Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing, we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who can show that the above testimonials are not genuine, or were published before obtaining the writers' special permission.—LYDIA E. CONGRESSIONAL DISTRICTS.

What to do with the new congressional district, to be known as the eleventh, is a question that is just now perplexing the legislature. Among the changes suggested is a radical change in the "First." Milwaukee seems determined to have the new district, and in order to secure the necessary population, either Racine or Waukesha counties is needed. The former would break into the first district and result in retiring Hon. S. A. Cooper from congress. Racine and Kenosha very naturally oppose the plan, and Rock and Walworth will enter a vigorous protest. Green and LaFayette are new in the district, and would not consider it a hardship if the new apportionment should restore them to their old position.

These counties, however, will not submit kindly to the forced retirement of Mr. Cooper. Mr. Ingersoll, of Beloit, expresses the sentiment of the district when he says that the republicans of the old first district are perfectly competent to say in convention when they are ready to retire Congressman Cooper, without the aid of a legislative committee, and his suggestion that the wishes of these republicans be consulted, is a good one.

Mr. Cooper is recognized as one of the most valuable members of the lower house. He has made a faithful representative and has a host of friends throughout the district who will not sit quietly by and see him sacrificed.

The new district properly belongs to the northern part of the state. The development there is rapid and will continue to be for years to come. The rural districts in the southern part of the state are barely holding their own, and the growth is confined entirely to the cities. Milwaukee, in time, will be entitled to two congressional districts, but it is unfair to any outside county to compel it to unite with Milwaukee for the sole and only purpose of bringing up her apportionment. The county that is sacrificed for this purpose might as well be located in Kansas, as far as having any voice is concerned.

The first district will not be a party to the scheme, and will enter a vigorous protest.

THE CURFEW BELL.

The ladies of the W. C. T. U. are circulating a petition to which they already have some 300 signers, asking for the establishment of the nine o'clock Curfew Bell in Janesville. Whether the plan is practical with our limited number of officers remains for the council to determine. The motive that prompts the ladies is most commendable, and will be endorsed by all good citizens.

The object is to keep boys and girls under the age of fifteen, off the streets after nine o'clock. Any one who takes any interest in young people will realize that this is good work if it can be accomplished.

The girls who go to the bad, as a rule, are the girls that think it smart to carry on street flirtations in the evening, and the boys that become reckless as a rule are the boys of the street and the saloon.

There are a host of boys and girls in the city whose morals would be greatly improved were they required to be at home by nine o'clock in the evening. If that slight restraint is a hardship to them, it is the best reason in the world why it should be enforced.

These boys and girls will be citizens in a few years, and the character of citizenship depends entirely upon their development. The city as well as the home, owes to them all the moral support and protection that it can give, and the ladies who have interested themselves in their welfare, are doing practical reform. A number of cities of the size of Janesville, have successfully established a curfew ordinance.

The experiment is worth trying in the Bower City.

Paul M. Botha has just issued an address in pamphlet form, entitled "From Boer to Boer and Englishmen." Mr. Botha, for more than twenty years has been prominently connected with the Orange Free State. He scores Paul Kruger unmercifully, and says that he has never done anything for the development of his own people unless there was money in it for himself. He recognizes that permanent peace and prosperity can only come through British supremacy, and advises submission and conciliation. The address should exert a wholesome influence as it undoubtedly will.

Ex-Governor Altgeld is supporting Judge Haney, the republican candidate for mayor of Chicago. He has never been in sympathy with Mayor Harrison and believes, as do many other good democrats that he should not be continued in office. If his own party will be loyal to him, Judge Haney should be elected by a handsome majority. Chicago needs renovating as badly as any city in the country, and the better element of the city has a good opportunity this spring, to take the matter in hand. Judge Haney is entitled to the support of the law abiding class.

Governor Stanley of Kansas, by the aid of a republican majority in the legislature is doing much to redeem the state from populism and fads. Freak bills of various descriptions have been killed and the legislature has adjourned after a short and business like session. The Wisconsin legislature has hardly got down to business yet, and unless some radical change is made soon the law makers won't get home in time to celebrate the Fourth of July. It is time to dispose of the primary bill and get to work.

The caucuses Wednesday night are republican caucuses and no self respecting democrat should attempt to vote. The republican party does not need democratic assistance at the caucus. There is no law of course to prevent any voter from taking part in any caucus, but common courtesy and decency should prompt the members of both parties to flock by themselves.

Count Castellane, and American brother-in-law by marriage, into the Gould family has distinguished himself in a duel with a Paris editor. The editor was large and so the count was able to hit him below the belt, by aiming at his head. Honor appears to have been satisfied in spite of poor marksmanship.

Andrew Carnegie's latest gift of \$5,000,000 to old employees speaks volumes for the large heartedness of the millionaire. People who have criticized Mr. Carnegie for acquiring great wealth will be forced to admit that riches is not always a crime.

England refuses to accept the senate amendments to the Hay-Pauncefote treaty, and Salisbury was shrewd enough to delay the refusal until congress adjourned, so that this country will take no action until next winter. The neutrality of the canal appears to England to be as much to our interests, as to hers; but England has never enjoyed a reputation for looking out for the other fellow's interest.

Every republican should attend the caucuses tomorrow night.

Don't forget the republican caucuses tomorrow night. Better miss the election than the caucus.

Republican caucuses at 7:30 tomorrow night. They should be packed with good men.

From a purely business standpoint the Cubans must continue on friend-

PROFIT BY THESE TESTIMONIALS:

Impeded Circulation in the Arms Cured.

For over four years I have been troubled with my arms. At times, they would be numb from the elbow down, and then again I would feel a sensation as if there were a thousand needles in my arms; so that sometimes I could not sleep or do anything. I have tried various remedies, but all to no effect. I went to see Prof. H. Ripken, who gave me only two treatments and now my arms are entirely cured and I can sleep all right. His method of treatment has been a revelation to me and I heartily endorse it.

MRS. FRED HEIN, Janesville, Wis.

Rheumatism in Shoulder and Kidney Trouble.

Ever since last fall I have spent considerable money for medicine; but did not get any benefit from my various trouble, and now after receiving only four treatments from Prof. Ripken, I feel as well as I ever did in my life. I found Prof. Ripken just as represented, "A Mighty Healer," and all who are suffering from any kind of disease, would do well to see him.

GEO. N. HUBBARD, Janesville, Wis.

Boils on Back of Neck and Knotted Cords.

I have suffered for some time with boils and knotted cords on my neck, have tried medicine without effect, but after receiving only four treatments of Prof. Ripken's wonderful method of Magnetic healing, are now entirely cured.

ALBERT McFARLANE, Janesville, Wis.

Paralysis of the Arm.

When I was three years old, I had diphtheria, which left me physically in very bad shape. Ever since that time my left arm has been worse than useless to me. I have consulted some of the best physicians and was treated by osteopathy for five months without any benefit whatever. I have received four treatments of Prof. Ripken and am now so much relieved and strengthened that I feel sure he will bring me out all right.

DECIDE TO BUILD A FREIGHT DEPOT

BRICK STRUCTURE TO GO UP
ON NORTH MAIN STREET.

The Milwaukee Road's New Building Will Occupy a Whole Block—Also Propose to build a New Passenger Station—May Ask Council for Part of High Street.

The Chicago, Milwaukee & St. Paul railroad company will erect a handsome freight depot on the property recently purchased by them on North Main street.

The depot will be a brick structure fronting on Main street, extending from the Windsor hotel north to Prospect avenue.

The building when completed will be an ornament to the part of the street on which it is located, and will be a great change from the old rockeries that have heretofore occupied the property.

The block between Prospect avenue and Pease Court will be cleared of buildings and used for side tracks. It is the intention of the railroad company to have the building close up to the Main street line with the car tracks in the rear and a team track on Main street.

There will be no more cars handled on North Main street than there is at present, as all of the full cars will be run down to the station and all of the switching will be done on the company's land.

A system of side tracks will be put in on the company's land near the Hanson furniture company's plant and all the switching will be done at that point. The cars will then be run down to the depot and placed on the tracks where they can be unloaded.

There has been some talk of opposing the building of this station by the property owners on North Main street. They claim that it is an injury to their property and business. Railroad men claim that here is hardly a business interest on North Main street that will not be benefited in one way or another by having the station erected. City people are not the only ones shipping goods and wherever anything is built that attracts travel to it, it is bound to increase trade along the way.

The St. Paul people will also erect a handsome passenger station this year, the exact location of which has not been established. It depends entirely upon the concessions that they can get from the city as to its size and location. The company will erect a two-story station with long train sheds if they can get the room.

The place best suited for their purpose is between Jackson and Academy streets, where, if the city could be induced to vacate a portion of High street it would give them room to build a station with sheds that would accommodate the largest trains. If they cannot get these concessions they would have to put it in some other place and cut down the size of the station.

One of the railroad's engineers was here making a survey of the property yesterday and it will depend a great deal on his report what the company does about the location of its station. It is certain that they will build a passenger station and all they ask is room to make it an ornament to the town.

THE LECTURE AND CONCERT

Entertainment at St. Mary's Church This Evening.

At St. Mary's church this evening at 8 o'clock will be given one of the best entertainments of local work, ever given in the city. It will be the sixth in the course given in behalf of St. Mary's church, and not one will be better than it. The program will consist of musical numbers, both vocal and instrumental, and a lecture by Rev. Father Vaughn, of La Crosse. In its entirety the program will be:

BUNT PRAISES THE SPECIMENS

Says That Anthony Dixon Has a Good Thing in Missouri

James Bunt, residing at 152 S. Jackson street, and for many years a miner, has inspected the mineral specimens at Dixon's ranch in Missouri. Mr. Bunt says that each specimen shows great richness. In one there is strong traces of gold and copper; another piece is 75 per cent zinc, while another is almost pure lead. Mr. Dixon is now endeavoring to interest his many Rock county friends in forming a stock company to mine the property.

A. J. Ingersoll went to Richland Center this morning on a business trip which will occupy two or three days.

MAY COST SCHALLER SIGHT OF HIS EYE

Albert Met With an Accident While
Sawing Lumber—Loose Knot Hit
His Right Eye.

Albert Schaller of the lumber firm of Schaller and McKee met with an accident yesterday afternoon which may cost him the sight of his right eye. He was operating a cut off saw cutting up lumber for tobacco cases and ran the saw onto a knot which flew out of the board and struck him in the right eye with great force. The pupil of the eye was cut and bruised and several internal blood vessels injured.

He was taken to Dr. J. P. Thorne's office where the injury was dressed. The doctor had the injured man taken to the Palmer Memorial hospital where he would have the best of care and hopes to save the sight. He thinks if the inflammation is kept down he will be able to bring him out all right although there are a number of things that might arise to cause him to lose his sight.

Mr. Schaller has the best wishes of his many friends for his speedy recovery.

MATTHEWS TO SING FOR W. B. CULLISS

Janesville's Barytone to Sing the
Songs Illustrated by Stereop-
ticon Views in Churches.

Leonard Matthews, the promising young barytone whose rich voice is so highly esteemed in the musical circles of the city, has accepted an offer to accompany W. B. Culliss, the evangelist and lecturer, on his lecture tour for the balance of the season. Mr. Matthews is to sing the songs which Mr. Culliss illustrates with stereopticon views as a portion of each evening's entertainment. The position is a splendid one. Its duties will be pleasurable to Mr. Matthews and it places within his reach the education that travel alone can give.

Mr. Culliss, who so pleased the people with his brilliant illustrated lectures last week, is conducting evangelistic services at Court street M. E. church this week. Mr. Matthews is a member of the Court Street M. E. Church quartet choir, which furnished special music for Mr. Culliss' lectures. The lecturer was so pleased with Mr. Matthews' voice that he decided that it was desirable to secure him as his vocalist permanently.

Mr. Matthews has already entered upon his duties. His absence from the city will be sadly felt in the church which has enjoyed his services, in the musical literary society of which he has been a valued member and in musical circles generally, as well as by his many personal friends.

FAKIR'S FESTIVAL TOMORROW NIGHT

The Fakir's Festival at the Congregational church tomorrow evening promises to be a gala event. The social club has issued invitations to every fakir in the surrounding country and the general public is invited to see the gathering of street merchants without money and without price. Of course, if one chooses to trade with them that is a different affair.

It is rumored that the ranks of the fakirs will be increased by several well known local people who have been tempted to masquerade in order to enjoy some of the privileges which the occasion offers. Two young women whose kind friends have never permitted them to inflict their voices on the public, will exercise their vocal powers for one evening, at least, as street musicians. Another, who has never been suspected of knowing a musical scale from the kind in the grocery stores, will officiate on the street corners as the blind musician.

A prominent grocer will try to get revenge on his friends by inducing them to trust the shining of their shoes to his mercy and it is said also that his face will be proof of his ability in the blacking line. For one prominent young society man the old song, "Backward, Turn Backward, Oh Time in Thy Flight" will come true and his voice will once more be heard crying the sensational news of the day.

Bankers and merchants will parade as the strolling players in "dot leadle Sherman band" and an eminent man of letters will serve the public as an Italian fruit vendor. Umbrellas will be mended and re-covered while the owner waits, fresh pop corn, candy and gum will be furnished by pretty young maidens. The flower girl and the apple woman will not be wanted and two young society ladies will hide their identity in the guise of fortune tellers.

The Fakir's Festival will be a good deal of a guessing game and there will be lots of fun for the crowd of spectators, which is sure to be a large one.

One Kiss Will Cost Him \$1,500. Indianapolis, Ind., March 19.—The Superior court here has adjudged that \$1,500 was a proper price for a kiss

BRIEF BITS OF COUNTY NEWS

Afton, March 19.—A broken wheel on a car loaded with lumber caused a wreck on the C. & N. W. CARRY OUT WISHES OF THE PEOPLE

Stand of Mayor Richardson On the Sew-
erage Question—Special Election to
Vote For Bonds.

The coming election will give the citizens of Janesville a chance to express an opinion as to whether or not they desire a system of sewerage. There is nothing binding on the city in regard to this matter even if the vote should be in favor of sewerage.

In case the vote is favorable then the council can call a special meeting and the citizens will then decide as to whether or not the city shall be bonded to build the plant.

A majority of the aldermen of the city council are in favor of sewerage. Mayor Richardson when asked how he stood on the question stated: "I am in favor of doing whatever the people of the city ask for. As the executive officer of the city I propose to carry out the wishes of the people."

On Wireless Telegraphy

Superintendent D. D. Mayne goes to Clinton this evening to give a lecture on the Y. M. C. A. lecture course. He will speak on "Wireless Telegraphy and the X Rays," and his lecture will be illustrated with stereopticon views and experiments. Mr. Mayne has a splendid wireless telegraphy outfit which works faultlessly, and which was practically constructed at the High school.

SIXTEEN PERSONS INJURED

Serious Wreck on the Rock Island Road.

TRAIN JUMPS THE TRACK.

Accident Happens Near Grand Junction Iowa, While the Train is Going at a High Rate of Speed—The Conductor Tip Over.

Grand Junction, Iowa, March 19.—The Rock Island passenger train No. 201, bound for Fort Dodge, jumped the track going at a high rate of speed about two miles north of Grand Junction. Kinking of the rails caused the accident. A number of passengers were seriously hurt. The injured are: Celia Webb, Paton, Iowa, seriously arm broken; Mrs. John Hall, Stuart, Iowa, badly; A. M. McKean, Perry, Iowa, foot hurt; C. A. Ladaw, Des Moines, slightly; W. L. McNeal, Port Dodge, Iowa, hurt in head; David McKean, Pomeroy, Iowa, seriously, internally; Lee York, Des Moines, back injured; W. D. Phillips, Des Moines, nose broken, otherwise hurt; E. L. McCool, Des Moines, cut over eye; I. W. Yocum, Des Moines, hurt on leg; Joseph Stauffer, Tiskilwa, Ill., hurt in head; Fred Bell, Des Moines, back hurt, not serious; William Ballantyne, Des Moines, arm cut, back hurt; F. F. Luther, Grand Junction, hurt internally; Richard Wittse, Grand Junction, face cut; C. B. Grant, Fort Dodge, seriously. Many others were bruised, but their names could not be learned, as they walked to the station after rendering what assistance they could to those who were most seriously injured.

Conductor in Pool of Water.
The two passenger coaches and the mail cars are lying on their sides in a shallow pool of water and it is remarkable that no one was killed outright. As soon as they could get out of the coaches those who were not seriously hurt gave their attention to the work of rescuing the less fortunate, and as these were taken out of the cars they were laid on hastily improvised stretchers and made as comfortable as possible under the circumstances. In the work of rescue, Conductor Dowell and the other members of the train crew, none of whom was injured, rendered valuable service.

Hand Cars Used for Ambulances.
Richard Wittse of this city was one of the first to get out of the car in which he was riding. Although painfully injured, he ran to the station in quest of medical aid for those who were unable to help themselves. Drs. Lowery, Kirby, Warkman, Dester and Scarborough responded and were hurried to the scene of the wreck on hand cars. The two cars were fastened together and three of the more seriously injured passengers hurried to this city.

Big Land Grant Is Opened.
Phoenix, Ariz., March 19.—There was considerable excitement in Yuma on the occasion of the opening of the Algodones land grant. A large crowd collected at the postoffice early in the day for the purpose of money orders to forward to the land office at Tucson with filings. Much of the land had been occupied previously by settlers and under the legislation concerning the grant they are given precedence. One section of the grant has been set apart for the use of Indians. The grant includes about 50,000 acres.

Bookkeeper and Baker Are Beirs.
E. C. Edmonson, a Belleville, Ill., bookkeeper, has received information of the death at Paris of a relative, who left him an estate valued at \$500,000. He will go to Paris, Max L. Goldrose, who went to Lebanon, Ind., from Chicago six months ago and secured employment as a baker, received word this week that his father in Bromberg, Germany, had died, leaving him a fortune of \$127,000 and the title of baron.

Linen and Cotton Mills Close.
Fall River, Mass., March 19.—The Chase, Robeson, Merchants', American linen and Metacomet cotton mills, operating 350,000 spindles, have been stopped in pursuance of the agreement to curtail production. It is probable that next week the majority of the mills in this city, including the Laurel Lake mills, which at first had decided to close today, will be shut down.

To Shield Children from Crime.
New York, March 19.—Orders have gone out from the Society for the Prevention of Cruelty to Children that the society agents must arrest all children under 12 years of age found on Broadway between Thirtieth and Forty-second streets, in the central part of the so-called tenderloin district, after 9 o'clock at night.

Pioneer Plainsman Dead.
Kansas City, Mo., March 19.—George W. Briant, aged 71 years, a pioneer plainsman, stockman, and banker, died at his home here today. He freighted the Santa Fe trail and was in his time associated with many of the leading men of the west.

Vast Estate Given Away.
London, March 19.—George Cadbury, the chocolate manufacturer, has presented to the city of Birmingham an estate of 418 acres, valued at \$900,000, upon which to build houses for the working classes.

Russian government proclaimed martial law in all towns where riots occurred.

DOINGS OF THE LAW MAKERS.

ILLINOIS.
Monday, March 18.
The session of the house was short. Mr. Bowles of Will introduced a bill repealing the act to establish a branch of the Appellate Court in Chicago. Mr. Jones of Cook introduced a bill to establish a state board of steam boiler inspectors. The board is to consist of three members, to be appointed by the governor, their term of office to be two years. The salary of the inspectors is to be \$4,000 per annum. A secretary is to be appointed at a salary of \$2,000 per annum.

Death of Mark S. Brewer.
Washington, D. C., March 19.—Mark S. Brewer of Michigan, a member of the civil service commission, died here last night from a complication of diseases. Mr. Brewer had been at home sick for the last ten days, although for some time past his health has been poor. He was 64 years of age and leaves a widow. The funeral will be held at Pontiac, Mich., Thursday. Mr. Brewer was at one time active in the politics of his state. He served as a state senator several terms and was in congress for four terms. From 1881

to 1885 he was in the consular service, being stationed at Berlin. He had been a member of the civil service commission for several years.

Indiana Minister a Forger.
Springfield, Ill., March 19.—Rev. J. Forrest Marston of Owensville, Ind., pleaded guilty in the United States District court to forging money orders and was sentenced to eighteen years in Chester penitentiary. He falsely represented himself as authorized by Clara Barton, president of the Red Cross society, to collect funds for that society for use in Cuba during the Spanish-American war.

Iowa is waiting for the return of Minister Conger from China. The gubernatorial state seems to require the presence of Mr. Conger, and it is not at all unlikely that the office will be tendered him if he will accept.

EASILY DECIDED.
This Question Should be Answered Easily by Janesville People.

Which is wiser—to have confidence in the opinions of your fellow citizens or depend on statements made by utter strangers? Read this:

Mrs. N. J. Casey, of 109 Prairie Ave. says: "Doan's Kidney Pills proved better than any other medicines I took for my kidneys. These organs troubled me off and on for some years. Backache was the chief symptom and often caused me to suffer severely. I tried a number of remedies but continued to grow worse. Instead of better, I was finally persuaded to try Doan's Kidney Pills and procured a box at the People's Drug Co's. store. I only took them a few days when I felt better. Should there be any recurrence of my trouble I now know what to use."

APPETITES

Created and Maintained
by Vinol.

THAT THE FOOD IS DIGESTED
IS ALSO EQUALLY
NECESSARY.

We Recommend Vinol as an
Appetite Creator.

WE GUARANTEE THAT VINOL
WILL AID DIGESTION.

Vinol is the greatest aid to digestion
that we have ever known.

It is because Vinol not only beneficially
upon the stomach that it accomplishes
so much good.

Vinol contains the active curative
principles that are found in cod-liver
oil, without any oil or grease.

These medicinal elements act so
favorably upon the stomach, that this
organ obtains for itself the elements
necessary for creating new flesh, muscle
tissue and for making rich red blood.

When the stomach acts easily and
naturally, a desire is created for good
simple food and a good appetite is the
sure result.

With cod-liver oil as formerly taken
the medicinal elements which it con-
tained were too often unable to
counteract the harm that was done by
the obnoxious grease that enveloped
them.

Now that in Vinol we have those
same elements separated from the vile-
tasting fat, we have a tonic and re-
builder that is simply marvelous in its
action.

The following is a letter that will ex-
plain itself:

"This is to certify that I have used
six bottles of Vinol, and have found it
of great value as an appetizer and
tonic in general debility. I have re-
ceived so much benefit from its use
that I gladly furnish this testimonial
in order that others may be induced to
give it a trial and prove to themselves
its recuperative powers."—MRS. ELIZ-
ABETH FEENEY, Waterbury, Conn.

We want every one in this place to
know more about our Vinol, how it
cures and what it cures. Certainly
the greatest tonic and re-builder we
have ever sold.

We, therefore, cordially invite any
one interested to call upon us; and
we want all to bear in mind that we
will gladly refund to any one who is
not satisfied with the action of Vinol
every cent they pay for it.

URGE FARMERS TO CONTRACT PRODUCE

Canning Factory People Are Scouring
the Country to Get the Acreage
They Must Have.

half head.
P. Hohenadel and his superintendent
Mr. Susemehl started in yesterday
to make a thorough canvass of the
country adjoining the city for the pur-
pose of securing contracts for acreage
for the canning factory. They
are meeting with some success in
placing contracts among the farmers
and have secured about four hun-
dred acres.

They realize that in a place where
a factory has never been in operation
the farmers are slow about taking
hold and agreeing to raise produce.
They have had this same experience
in other places and are not discourag-
ed with the outlook around here.
They believe that when once the
farmers see that it is a good thing
that they will have very little trouble
in securing the acreage necessary.

It is certain that in order to make
their factory a success they must
have the acreage. They think that
there is no doubt but that they could
secure the acreage if they had the
time. Their time here is limited and
they must know about the acreage
so that they can order their machin-
ery at once.

It would help them very much if the
farmers would look into the matter
and be able to give them an answer
when their representative calls.

Your Physician Quaker Tonic Tablets

may be one of the few who know of the medicinal value of Dr. Crane's
A few physicians have investigated this life-restorer, discovered six generations
ago by Dr. Calvin Crane, but cannot prescribe it because its ingredients are
too rare and expensive to be carried by most druggists. But the merit of
Quaker Tonic is everywhere recognized. Quaker Tonic is cheap life insur-
ance. Probably half the diseases that flesh is heir to, arise from lazy livers and
constipation. Quaker Tonic cleans the liver and regulates the bowels.
The kidneys become active, constipation, kidney troubles and backache then
disappear. The tablets are chocolate coated—convenient to take.
They Suit Your Case. 50 cents a box. \$2.50 for six boxes.
PENN DRUG COMPANY, Oshkosh, Wis.
A sample of Quaker Tonic Tablets and an illustrated booklet,
"Quaker Tonic Truths," will be mailed free upon application.

POND'S EXTRACT

There is only ONE POND'S EXTRACT, and every-
body knows its purity, strength and great medicinal
value. Don't take the weak, watery Witch Hazel
preparations represented to be "the same as" POND'S
EXTRACT. They generally contain "wood alcohol,"
which irritates the skin, and, taken internally, is a deadly
poison. Get genuine POND'S EXTRACT, sold ONLY
in SEALED bottles, in BUFF wrappers.
